PT. YONGJIN JAVASUKA GARMENT	**INTRUKSI KERJA GANTI REJECT PANEL** ***WORK INSTRUCTIONS FOR REJECT PANEL REPLACEMENT***	No. Dokumen : YJ-IK.CUT.0025 Tgl. Efektif : 20 Oktober 2023 No. Revisi : 01 Halaman : 1 dari 1

1) QC panel memberikan potongan panel yang reject ke ganti reject
The QC panel provides the rejected panel pieces to the reject exchange

2) Ganti reject memberikan panel yang reject ke Adm untuk di input dan adm akan mengeluarkan surat jalan "Request Fabric Panel End Cut"
Replace reject, give the rejected panel to Admin for input and Admin will issue a letter "Request Fabric Panel End Cut"

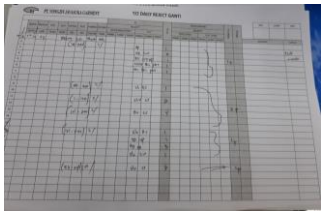

3) Ganti reject meminta sign surat jalan ke Chief untuk pengambilan fabric ke end cut
Replace the reject by requesting a sign for a travel document to the Chief to take the fabric to the end cut

4) Panel yang reject lalu di ganti, perhatikan color dan lot/roll no yang sama,
The rejected panel is then replaced, pay attention to the same color and lot/roll number,

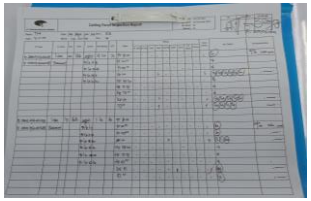

4) sesudah mengganti panel yang reject buat laporan
After that, replace the panel that refuses to make a report

5) Ganti reject memeberikan potongan yang sudah di ganti ke numbering untuk di pindahkan no numbering nya
Change the reject by giving the piece that has been changed to the numbering to transfer the numbering number

6) Dari numbering di kembalikan ke qc untuk menandai di laporan No yang sudah di ganti
The numbering is returned to QC to mark in the report the number that has been changed

7) Panel yang sudah selesai di ganti lalu di transfer ke operator loading untuk kembali dimasukan ke bundle panel semula.
The panels that have been replaced are then transferred to the loading operator to be re-inserted into the original panel bundle.
