Contoh M.I
M.I example

4. File pattern yang sudah dirapikan disimpan di penyimpanan pribadi dan server untuk nantinya digunakan untuk plotting marker.
Pattern file that has been set-up will be saved in personal storage and server which will be used for marker plotting.

5. Setelah file disimpan, pattern bisa langsung di plot.
   After the file saved, the pattern ready to plot.

6. Kertas hasil plotting pattern akan dipotong mengikuti pola dan digantung di hanger untuk diambil oleh tim cutting.
Pattern plotting result paper will be cut following the pattern and hung on hanger to be taken by cutting team.
